How to Suggest Listings on a Computer

To suggest all listings in a search (up to a maximum of 200) on a computer:

1. Select the **action button**  on the right of the listings results.
2. Select **Suggest** from the drop down.

3. A suggest listings window will open, select a client, enter a comment, and select **Suggest**.

To suggest one or multiple properties from the search results window on a computer:

1. Place a **check** in the box on the listings page for each desired property.
2. Select the **action button**  on the right of the listing results.
3. Select **Suggest** from the drop down.
4. A suggest listings window will open, select a client, enter a comment, and select **Suggest**.

To suggest an individual property from within a listing:

1. Select the **suggest icon**  in the menu at the top of the listing.
2. A suggest listing window will open, select the client, enter a comment, and select **Suggest**.
