How to Open a Saved Search

If you have saved a search in REALM, you can easily recall it to review properties that match the search criteria.

To open a saved search in REALM:

1. Select the **saved icon**  from the menu bar.
2. Select the Searches tab.
3. Select the desired saved search.
4. You will be directed to the search window and properties that match the criteria defined in the saved search will show on the screen.

The image consists of two side-by-side screenshots of the REALM mobile application interface.

Left Screenshot: The title is "Your Searches". It shows a map of the Ajax area with a blue search boundary. Below the map are two search results: "Townhouses in Ajax" (3 results) and "Freeholds for Sale in Ajax". A blue box highlights the "Townhouses in Ajax" result. At the bottom, there are search and filter icons.

Right Screenshot: The title is "REALM". It shows a search result for "Townhouses in Ajax" (4 results). Below the search bar are "Refine", "Save", and "Sort" buttons. A blue box highlights the "Save" button. Below the search bar is a large image of a row of townhouses. At the bottom, it shows "2 Beds 2 Baths Att/Row/Twnhouse \$599,900" and a "MAP" button.
