

## Tips & Tricks

### How to print an MLS listing on one page

In REALM, you can print a one-page broker or client full listing. To print a one-page listing:

1. Within a listing, select the **action icon** .
2. Select **Print** from the listing actions menu.

3. By default, the map, listing table and listing details are selected under *Which Sections?* Remove the check beside map and listing table.
4. Under *Listing Details Form*, select the **down arrow** and choose **Broker Full – Sheet** or **Client Full – Sheet**.
5. Select **Print**.
